the future prosperity
of Illinois Woman's College,
we dedicate
this ninth volume of

FOREWORD

To assemble between the covers of the "Illiwoco" data covering all the important events of this school year is something of a task.

However, the staff has expended its best efforts to produce the best possible piece of work in this ninth edition of the "Illiwoco" and it is hoped that every student will herein find enough of a resume of the year 1923-24 to help recall in after years, some of the happy days spent here at our Alma Mater.

COLLEGE SONG

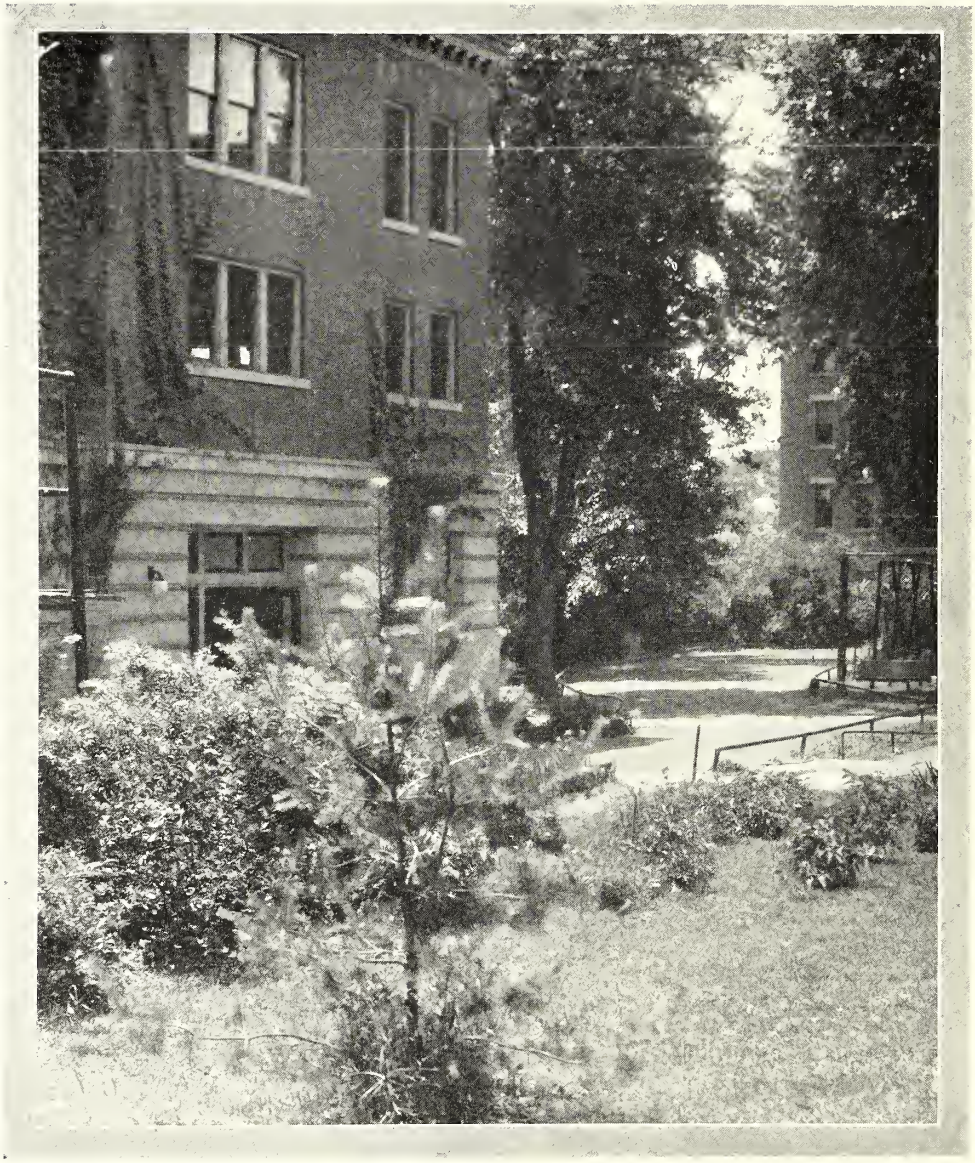

By stately elms surrounded
Our dear old college stands,
And with a faith unbounded
Our loyalty demands,
She guides her daughters all aright,
As to her side they cling,
And shields them well when dark the night,
'Neath the shadow of her wing.

Oh, college dear, we love but thee,
And will be always true.
Thy colors shall our ensign be—
The yellow and the blue.

Hail to our Alma Mater!
The pride of all the land!
We will loyal be forever
And by her side we'll stand.
Her fame for aye we will unfold
Till known to all she'll be,
And oft her glories be retold
By us o'er land and sea.

OUR MUSIC DEPARTMENT

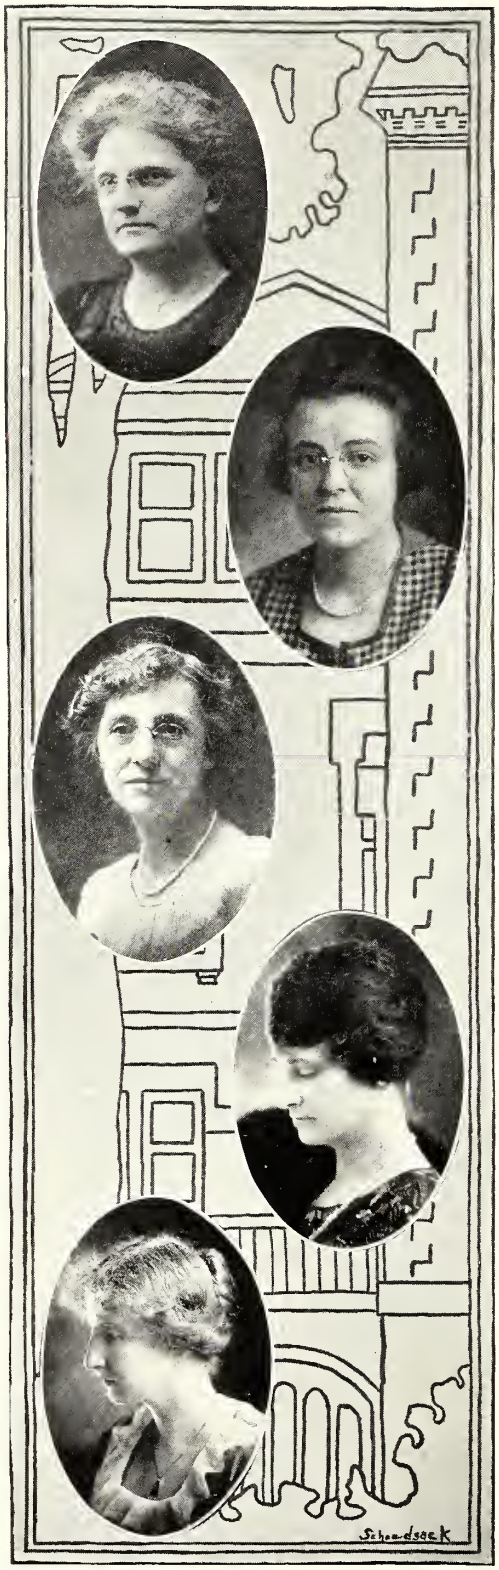

For the first time in several years the department of Music in the College has had no change in the personnel of its faculty; being thus a "continuous faculty" through two years, the work has shown a growth not possible under other circumstances.

Mr. Henry Ward Pearson who directs the work has thus again associated with him, Mme. Colard, Mrs. Forrest, Mr. Goodrick, Miss Hay, Miss Hopper, Miss Horsbrugh, Mr. Kearns, Miss Kirby, Miss Larimore, Mrs. Martin and Miss Sapio.

Miss Grimsley and Miss Muleady have been added to the force of teachers and are serving an enthusiastic clientele as teachers of kindergarten music.

Telmanyi, violinist; Chiapusso, pianist; Lola Rieder, soprano; and the Pasmore Trio, were the attractions offered by the Artists' Course. The regular recitals by faculty members and students have been of unusual excellence.

The Glee Club with Mme. Colard at the helm, and the Madrigal Club presided over by Mrs. Forrest, have given great pleasure by various appearances. The Orchestra, directed by Mr. Pearson, will make its annual appearance during the events of Commencement week.

The Life Service Group is an important though comparatively small organization at I. W. C. It originated in April, 1921, under the auspices of John Elder, the Field Secretary for the movement.

This organization includes both Student Volunteers and Life Service Members. A Student Volunteer is one who has definitely decided to become a foreign missionary, whereas a Life Service Member is one who has planned to render full time service either at home or abroad.

Among our Student Volunteers is the Secretary for the State Student Volunteer Union of Illinois.

THE TRYSTING PLACE

THE ORCHESTRA

Is the orchestra worth while? Undoubtedly the scientist would call the orchestra an ideal machine, with an efficiency of one hundred per cent; for the splendid results obtained far outweigh the efforts put in.

Every musician knows that orchestral playing develops the very essentials of music, besides promoting a desirable sociability among the members. The student learns that freedom of expression and too marked individuality must give place to a more comprehensive unity of thought and feeling which, however, does not bar personal appreciation or individual skill.

The above is taken very largely from an article in the Etude and describes exactly the aim of our college orchestra. Who can help feeling bigger and playing better after an evening of Haydn, Beethoven, Schubert or Mozart, or who does not thrill at accompanying Grieg's superb piano concerto and feel the irresistible influence of association? It is most evident that wise choice of material is an important factor in the success of an orchestra and we duly appreciate the unfailing good taste and discrimination of our Director, Mr. Henry Ward Pearson, and pledge him our loyal support.

THE GLEE CLUB

The Glee Club is a college organization characterized by enthusiastic responsiveness that gives to it a vitality often lacking in such groups. The members need meet only the requirements of being able to read music readily.

Each year the Club makes two formal appearances. The first is at Christmas Vesper Service and the second at their annual concert. Both occasions are opportunities eagerly anticipated by the audiences, for music of real value is always presented in so finished a manner as to merit the praise of being artistic in every detail.

This year the Club numbered about forty members and under the painstaking and interested direction of Madame Colard their work has set a high standard of excellence to be met by the organization in succeeding years. Madame Colard possesses the rare ability to inspire her co-workers with something of her own appreciation for rhythm and delicate shading and blending of tones, and the result is that too high praise cannot be given her or the girls who have so loyally followed her skillful leadership.

Publicado seis veces el ano por el Circulo Espanol de Illinois Woman's College, de Jacksonville, Illinois.

El Circulo Espanol concluye su segundo ano de existencia. Durante estos dos anos se han verificado los acontecimientos siguientes:

En la primavera del ano pasado se celebro el carnaval, presentandose "El Arreglo Mutuo", comedia ingeniosa escrito por Marta Logan. Durante el mes de mayo, las alumnas de las clases de espanol se sentaron juntas en el comedor donde se mezclaron el espanol y los alimentos.

Durante el ano en curso, el club comenzo la publicacion de "El Espejo". Se afilio al Instituto de las Espanas de Nueva York y este inicio un certamen sobre la vida y las obras de Miguel de Cervantes Saavedra.

Es preciso tener grado de 80 para ser socia del club.

Las reuniones se celebran el tercer viernes del mes despues de la hora de comer.

En cuanto a las reuniones ordinarias, grupos de miembros han presentado varias farsas, representando caracter y costumbres espanolas. La cantidad de dulces y de premios traidos de Espana que se repartio entre los miembros fue mayor que antes. Con gusto hemos notado que un espiritu de verdadera simpatia va creciendo en el fondo de las almas de los miembros.

El club tuvo el honor de recibir visitantes de Mejico y de Ecuador quienes manifestaron gran interes.

Este verano el club se divertira otra vez con una carta circular.

THE SENIORS

Two wise owls sat on a high branch in one of the elms in the I. W. C. campus. They were both silent for a while and blinked at the darkness around them.

Merry voices were soon heard on the front porch and the following conversation ensued between the two owls·

Is that a fire drill?

No, it's the seniors. I can tell their dear voices.

But it's eleven o'clock.

Oh, but you forget they have the privilege of staying out till that time. Will I ever forget the first time they stayed out? I saw Audrey, Avis, Sarita, and Mildred coming back trying to find their way with a flash light.

The two birds sat on the elm branch and mused for a time. Then one asked:

Why do you look so forlorn?

I'm thinking about those dear Seniors I am so fond of. They will soon be leaving and I don't know what this place will be like without them!

I often wonder what will become of them.

I know. I've heard them plan. Listen:

That jolly Luro Anderson is going to settle in the Kentucky Mountains, and teach children how to wear caps and gowns gracefully.

Alice Barwise expects to teach the Arabs to play golf.

Helen Bly is going to teach Physical Education—will specialize on how to fly three kites on one string.

Carrie Dyarman is to be the first woman nominee for U. S. Presidency, and will allow no "tea pots" while she is in office.

Mrs. Filson is going to show the world that there is some truth to the motto: "Where there's a will, there's a way".

Helen Gaster is expecting to start a private school where she will carry on experiments in child psychology.

Opal Hackett, a great admirer of Dr. Stearns, is sending her application to the Archeological Society Bureau.

Sarita Jones expects to show South Americans how to pith frogs a la Alexander.

Audrey King will become editor of the Brown Jug.

Lucy Marko is going to write a book on: "Hamburger Frying by a Scientific Method".

Janette Meredith won't be happy until she hikes from New Orleans to Greenland.

Ruth Esparza dreams of giving lectures in Mexico on "Advantages and Disadvantages of North American Slang".

Elizabeth Moore hopes to establish an Old Folks Home for darkies in Kentucky.

Avis Murphy is going to prove to John that eggs can be boiled by means of steam at high pressure.

Esther Purl is to be reader in the Christian Science Church in Boston, Mass.

Hazel Quick has applied for a travelling salesmanship at Wriggleys and Company.

Katherine Randle is going to make History in unexplored lands.

Mary Elizabeth Roark expects to change her name, for as it is it leads to many mistakes.

Elaine Rosness and Marianne Thompson are going to shoot snow birds in the Klondike.

Pearl Sherrick is to be a famous author. She has started a book entitled: "Why Bobbed Hair Won't Do."

Kay Smith expects to settle in married bliss and bring her children up on the motto, "Children should be seen and not heard".

Mildred Waldron expects to take Miss Austin's place but will have Saturday instead of Wednesday for Dean's Talk.

M. Watters is going to do research work on antique history bed spreads.

Myra Whitlock is going to adopt two children and show the world what can be done.

Bernice Zimmerman will join the International Debating team.

The Senior Adviser, Miss Whitmer, is going to China to teach Ornithology and Hygiene.

I tell you they are some bunch. I will surely miss them.

Cheer up. They will all be back by 1934 and bring their families. Sarita calculated there would be one hundred and eighty-nine people back that year. There are twenty-seven of them, so there will be twenty-seven husbands, and five children apiece.

Hurrah for the Seniors!

SPHERE OF WOMAN

They talk about a woman's sphere as
    though it had a limit
There's not a place in earth or heaven,
There's not task to mankind given
There's not a blessing or a woe,
There's not a whispered yes or no,
There's not a life or death or birth,
That has a teacher's weight of worth
    Without a woman in it.
